The American Academy of Anti-Aging Medicine (A4M)
World Medical Education
Leader training over 30,000 doctors a year

The A4M 15th International Congress on Anti-Aging Medicine and Biomedical Technologies East Coast is the largest and most influential academic and industry event worldwide in the space of preventative medicine and biomedical technologies in the emerging $90 billion marketplace, growing at an average annual growth rate (AAGR) of 8% (Drugs and Cosmeceuticals for Aging Biomarkers, Business Communication Company, inc. 2005).

A4M has grown from just 272 participants in Chicago in 1992 to over 2,200 physicians and educators in over 70 nations. Today's mature adults (babyboomers) control more than $17 Trillion in wealth in the United States classified as Babyboomers (1950's, 1960's, 30% of all U.S. wealth). Further, they bring in 2.3 times as much income and account for 55% of all discretionary spending, notes Ken Gruenwald Ph.D. (Associated Press, March 7, 2004).

The 14th Annual International Conference on Anti-Aging Medicine East Coast is the place to be considered for two real players in this, the real great pharmacy care medical specialties. Mark your calendar for April 26th, 2006, at the Gaylord Palms, Orlando, Florida and join influential physicians, scientists, educators, installators, Investment bankers and journalists from around the world and be part of this new paradigm of medicine.
